Once upon a time,
a wickedness like no other cast its evil spell...

For centuries, fairy tales have captivated young and old alike, telling magical and mysterious stories of good versus evil. Told with a flair for childlike imagination, these stories enchant, astound and give us a spine-chilling thrill. Adapted into full-length animated films generations later, the classic fairy tales were reintroduced to audiences around the world. Gloriously presented on the big screen, innocence was in peril and wickedness loomed through the dark powers of memorable villains like *Disney Snow White's* Evil Queen in 1938, *Disney Sleeping Beauty's* evil sorceress, Maleficent, in 1959, and so many more.

Now, the master artisans of Hawthorne Village, an official Disney licensee, invite you to take a journey with these favorite villains who love being oh so bad. Introducing the *Disney Villains Legends Collection*.

An illuminating celebration of Disney's classic villains

Capturing spellbinding moments of sinister, bewitching fun and excitement from each animated film, the officially licensed *Disney Villains Legends Collection* brings together Disney's most malevolent villains. Each dynamically-posed tabletop sculpture features an amazingly lifelike, fully-sculpted figurine, meticulously handcrafted and hand-painted for the utmost in accuracy and appeal. Behind each figure, thrilling imagery, like Maleficent's fire breathing dragon and the Evil Queen's magic mirror, is captured with remarkable detail. Presented on a fully sculpted, handcrafted base featuring bas relief designs and gold-colored name plaque, built-in LED lights illuminate from below, adding an ominous and translucent appearance to the full color images.

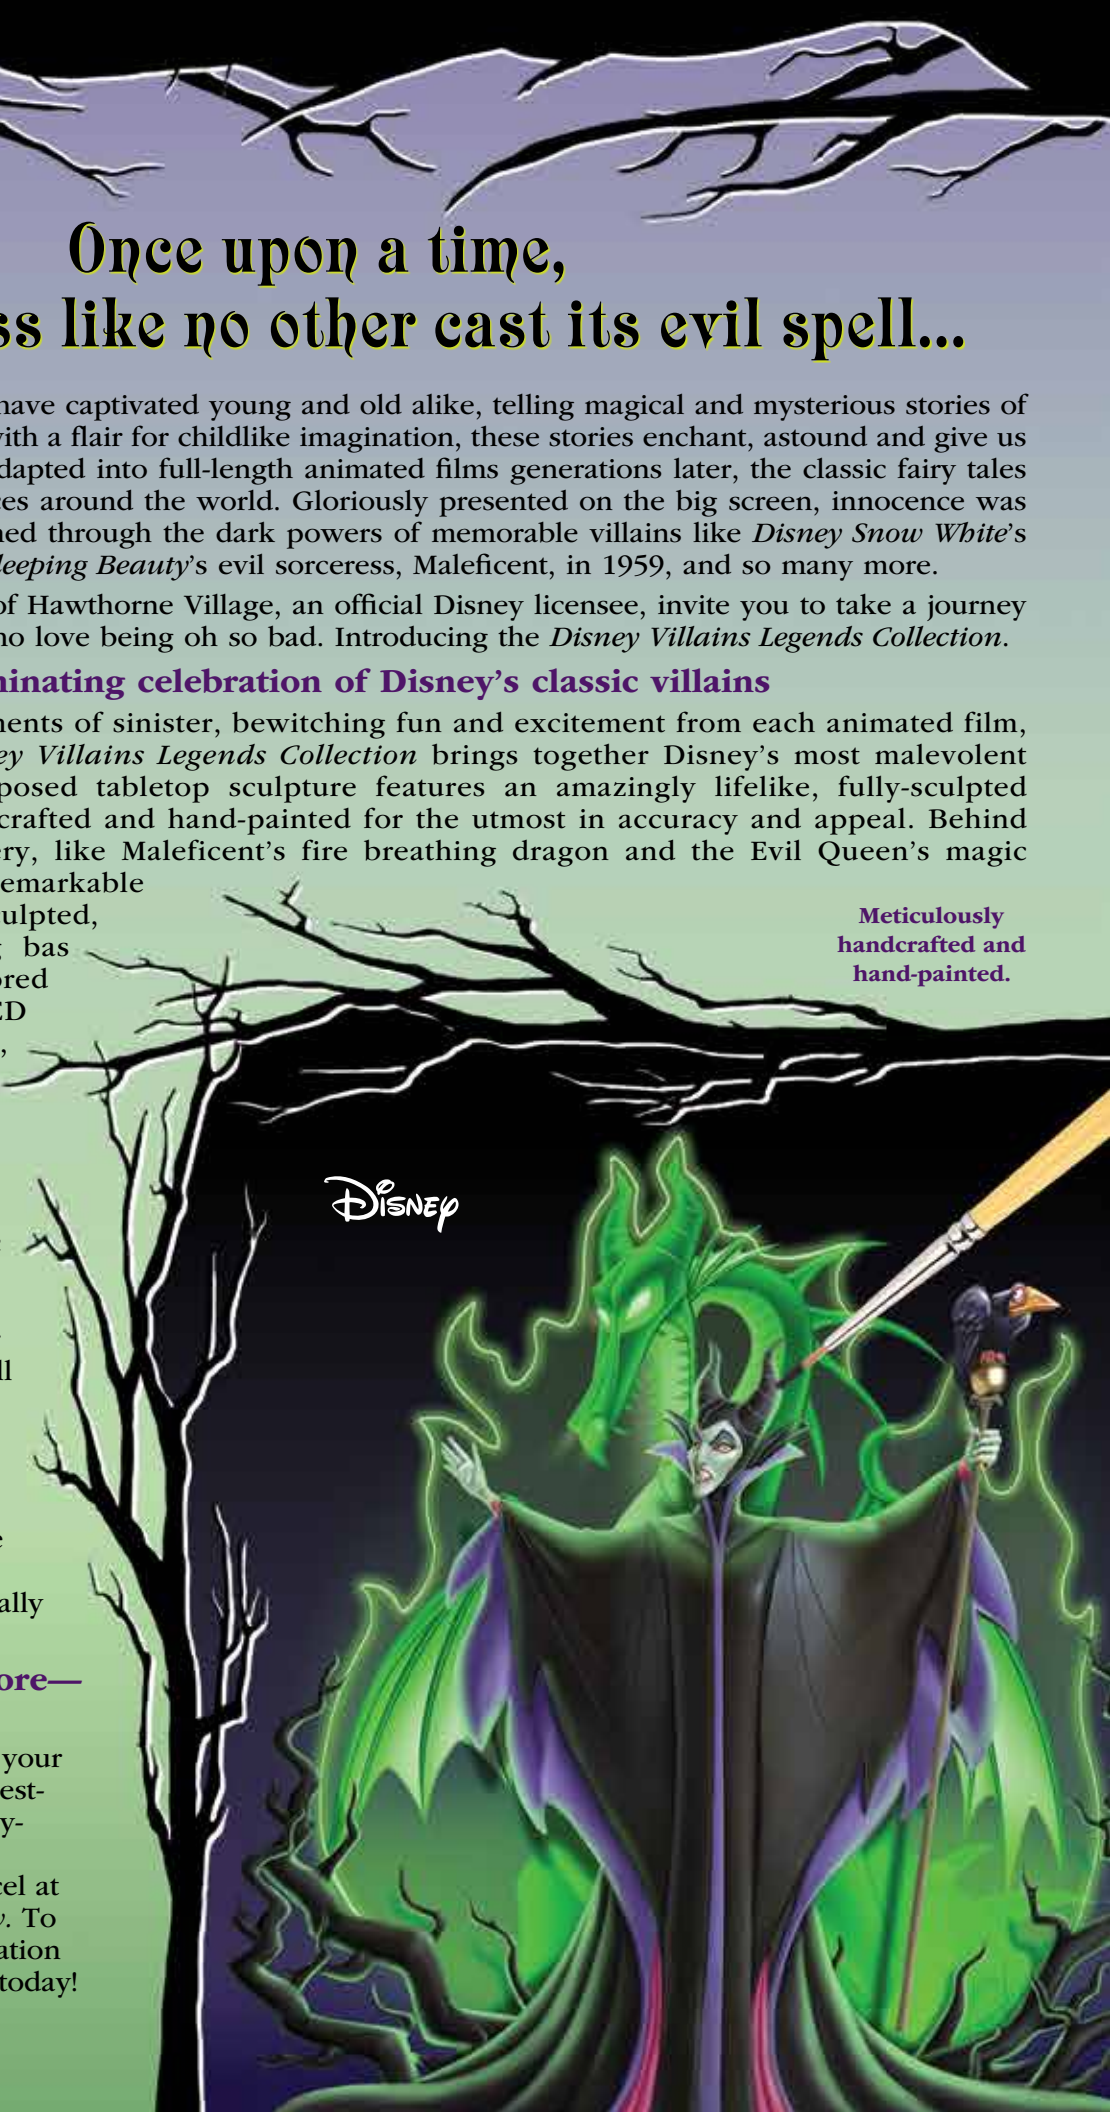

Meticulously handcrafted and hand-painted.

Begin your collection with Issue One, "Maleficent," the incarnation of dark magic summoning her fiery dragon. Subsequent sculptures will be shipped about every other month. Your second issue will be "Evil Queen."

In addition, each *Disney Villains Legends Collection* sculpture comes with a Bradford Exchange Certificate of Authenticity, attesting that this collection has been officially licensed by Disney.
